

Great Basin College Criminal Justice AAS Degree for Working Professionals

Do you hold a POST Basic Certificate, and are you ready to move up the professional ladder?

Nevada POST Intermediate and Advanced Certificates are earned through a combination of experience, education, and training. GBC can help you earn college credits, online, at home, and on your schedule. You can earn a few credits, a two-year associates degree or a four-year bachelor's degree. *GBC is the only Nevada college that will award you college credits for your POST Basic Certificate.*

The strength of our criminal justice program is that all classes are taught by practitioners who have actual field experience on patrol, at crime scenes, in the courtroom, and in our prisons and holding facilities. We have responded to calls, served search warrants, performed in-depth investigations, made arrests and "protected and served". This street experience is NOT available from the faculty at either University of Nevada campus! We can truly talk the talk for we have walked the walk...

Classes at GBC are three credits each and working professionals attending part-time can earn an associate degree in three to four years. GBC has campuses in Battle Mountain, Elko, Ely, Pahrump, and Winnemucca. Students may take scheduled classes on campus, or on your schedule online from anywhere in the world with an internet connection. Classes start three times each year, and GBC accepts most previously earned transfer credits from regionally accredited institutions.

Isn't this the time for you to be furthering your career?

GBC Criminal Justice AAS Degree

Student Learning Outcomes

The purpose of GBC's criminal justice program is to assist students in the understanding of the intersection of biography and history within social structures related to the criminal justice system, as well as how to be a reflective, proficient, and active agent within these systems.

Graduates of the AAS in Criminal Justice degree program will have the knowledge and skills to:

- Demonstrate an awareness of the history and nature of the major components of the criminal justice system.
- Identify and analyze the origins of criminal behavior, society's response to crime, and the consequences of crime to our society using multiple perspectives.
- Demonstrate effective oral and written communication skills applicable in the field of criminal justice.
- Describe the process of conducting a criminal investigation, the process of arrest and pretrial detention, criminal trial procedures, and criminal punishment.
- Analyze and explain the relationship between law enforcement agencies and the communities they serve.
- Describe the organizational structure, practice, culture, and environment of the modern police organization.
- Analyze and explain the evolution of the U.S. correctional system.
- Evaluate current issues related to crime prevention and the rehabilitation of juvenile and adult offenders, including the concepts of parole and probation.

Note on self-advising: Self advising rarely works well and will usually cost in *needing-to-take-extra-classes* mistakes. Criminal Justice advisers are **very** friendly, and readily available to help keep you on track. Declaring a criminal justice major early is equally important and will aid us in keeping you up to date. <https://www.gbcnv.edu/academics/major.html>
