TRAINING NOMINATION

POST Physical Readiness Test Administrator Course (P0000026)

Test administrators must be certified by POST before administering the PPRT for any official purpose. The test administrator does the following:

- Select and train scorers and task demonstrators;
- Ensure that necessary equipment is on hand;
- Read the test instructions to participants and have the events correctly demonstrated;
- Supervise the correct scoring of events;
- Rule on questions and scoring discrepancies, if any, for a particular event.

Support personnel such as scorers and event demonstrators do not require certification so long as at least one certified administrator is on site at all times instructing the participants, signing scoresheets and otherwise directly supervising the administration of the test. It is the policy of Nevada POST, that for the efficiency of public administration, only those agency employees who are assigned to training and will be required to administer the PPRT will be trained and certified as an administrator.

I, as a manager or the administrator of my agency, do hereby state that **the following agency personnel** have responsibilities for basic academy administration and will be a key employee responsible for administering the POST Physical Readiness Test (PPRT) to peace officer trainees with the assistance of test demonstrators and scorers (list personnel being nominated for the course):

Full name	Email Address	Telephone number (work)

Agency administrator/manager (sign)_____ (title)_____

(print name)_____ (agency name)_____ (date)_____

Please forward to the POST Training Division attn: Mike Hayhurst by email at mhayhurst@post.state.nv.us or fax at (775) 687-4911.
